## Engineering Mentor Night - Volunteers Needed

Wednesday, Oct 29, 6PM-8PM @ UW  
Bothell Campus ([18115 Campus Way NE](#))

If you are interested in being a mentor for a night for college students, the Puget Sound Engineering Council (PSEC) needs your help! The purpose of the mentor night activity has been to bring as many practicing engineers together with as many students as possible. We are trying to inspire the students, most of whom are freshmen and sophomores as well as high school seniors, toward a career in engineering. The mentor night allows engineers to relay their experience in the profession and answer questions posed by students. The events offer an open forum where the students visit various tables and converse with the mentors. The mentors are asked to bring sample of their work, such as reports, drawings, models, that will fit on a 30"X30" table top for discussion with the students. In the past, some of the events have included over 40 mentors in 17 disciplines.

This event is the first of six mentor nights; keep an eye out for upcoming dates and locations in future announcements!

If you are interested in participating in this event or would like to be included on the roster of potential volunteers for future mentor nights, please contact Paul Grant at [pgrant@pangeoinc.com](mailto:pgrant@pangeoinc.com) for details. Please sign up for the UW Bothell event [here](#).

## WRYMC 2015

***We are looking for company sponsors!!!***

Sponsorship for your company has so many great benefits, including conference registration for employees, tickets to the Brewery Tour Preconference Event, and your company logo on banners and conference material.
