Dear M. Todd,

Happy Halloween everyone!

Are you musically inclined? Do you aspire to make parodies like Weird Al? Do you want to help Seattle YMF out with additional funding to make the events we put on even better? Consider the 2014 Music Video Contest. If you have a good idea for an entry, let us know!

Besides volunteering for the many opportunities, you can also help by renewing your [ASCE membership](#) this year if you haven't already! WRYMC and YMF funding depends on the dues paid to the Seattle section.

For the YMF officers & committee chairs,

Don Nguyen, E.I.T., M.ASCE
Seattle ASCE YMF Secretary

November Seattle Section Meeting Joint with Ports & Harbors Committee

Tuesday, Nov 11th, 5:30PM-8:30PM @
Mirabella ([116 Fairview Ave N](#), Seattle)

Program: Reshaping Seattle's Topography

From the massive regrade of Denny Hill to filling in 2,400 acres of the Duwamish River's tidflats, Seattle has reshaped its topography more than most cities. In his new book, *Too High and Too Steep*, David tells the stories of these changes by taking the reader out in the field to see the landscape and learn the history. David will provide an overview of the book in this presentation that weaves geology, civil engineering, and the historical narrative of Seattle.
