Mentoring Event - Conversations with Civil Engineers

[ASCE Conversations with Civil Engineers Program](#)
[Committee for Diversity and Inclusion \(CDI\)](#)

Friday, November 4th, 7:30-9:30 pm
Washington State Convention Center, Suite 602

Speed career mentoring session aimed at inspiring, advising and informally mentoring the next generation of civil engineering leaders from groups currently underrepresented. The Society of Hispanic Professional Engineers Conference is taking place and 200 Hispanic civil engineering undergraduates and young professionals are expected to participate. Parking and travel reimbursements are available and light refreshments will be provided during the event.

Contact [Lisa Black](#) at LBlack@asce.org for more information and to RSVP for this volunteer opportunity.

Technical Tour - The Historic Smith Tower

The Smith Tower tour is
THIS Saturday, November 5th at 11:00 am.

Please join us for our first event on Saturday November 5th, where we will be taking a tour of the historic Smith Tower in Pioneer Square. The Smith Tower opened in 1914, and was the tallest building in Seattle until the Space Needle was constructed in 1962.

Tickets cost \$12 (\$10 with a WA State ID). Please plan on meeting down in the lobby at 11:00 am. The self-guided tour takes about 40 minutes and will culminate with us up on the 35th floor enjoying a great view of Seattle. Following the completion of the tour, we will get lunch at a nearby restaurant.

Thank you and I look forward to meeting you all soon. Additionally, if you have any ideas for future events,

please feel free to let me know.

To RSVP or if you have questions, please contact **Romulos Ragudos** at romulosragudos@adaptengr.com.

November Volunteer Event - Zeno MathFest

Thursday, November 10th 4:00-8:00 pm
Rainier Community Center
4600 38th Ave S, Seattle

Volunteer at the biggest math party in Seattle, MathFest! We'll help build confidence and enthusiasm for math by playing math games with elementary students, serving food, and registering guests. T-shirts and light refreshments will be provided.

To sign up, fill out Zeno's [Volunteer Application](#) and RSVP to **Kristina Lowthian** at nalani83@gmail.com by **November 7th**. When responding, please indicate if you need or could provide a carpool.

November Westside Networking Event

Thursday, November 17th
5:30-7:30 pm
Casco Antiguo
115 Occidental Ave. S, Seattle

Join us in Seattle at Casco Antiguo for some socializing, appetizers and a drink with your fellow engineers!

Please try to get to the restaurant by 5:45 pm. And as always, appetizers are on the YMF!

Check out the happy hour menu here: [HH @ Casco Antiguo](#)
For questions, contact [Shelley Collins](#) at shco@cowi.com.

November Eastside Networking Event

Monday, November 28th

5:30-7:30 pm

Cactus

Bellevue Collection, 535 Bellevue Way NE, Bellevue

Join us in Bellevue at Cactus for some networking, free food and a drink with your fellow engineers!

Look out for the hard hat on the table!

Check out the happy hour menu here: [Cactus Happy Hour](#)
For questions, contact **Dan Worthen** at dworthen@dowl.com.

Help Needed - Lake Stevens High School Civil Engineering Club

Make a Difference!

Volunteers Needed for the Lake Stevens HS Civil Engineering Club

The Lake Stevens High School Civil Engineering (CE) Club had a successful inaugural year during the 2015-2016 school year. About a dozen club members met regularly to learn about civil engineering and complete activities provided in ASCE's Civil Engineering Club Bridge, Water, and Transportation lesson modules. For the 2016-2017 school year, students are eager to keep the momentum going and are looking for an ASCE member to act as the club's Lead Engineer, as well as other volunteers and mentors to be guest speakers at club meetings or provide tours of their office or project sites. This is an opportunity to engage young minds, influence student's perceptions of engineers and help the students explore the possibility of a career in civil engineering.

The Lead Engineer will act as a liaison between the club and ASCE Headquarters so the students have access to the financial and material support offered by ASCE's Pre-College Outreach program. The club cannot

continue without the support of an ASCE member as a Lead Engineer! The Lead Engineer can also help enlist other volunteer support and lead club projects and activities, as desired. Acting as the Lead Engineer or other CE Club mentor is your chance to inspire the next generation, be inspired by them (the enthusiasm is contagious), and give back to the community.

Please contact **Melissa Wu** at mwu@ch2m.com and/or **Nigel Lyons** at nigel.lyons.uw@gmail.com if you are interested in helping inspire the next generation!

2016 Holiday Party!

Thursday, December 15th
5:30-7:30 pm
The Garage
1130 Broadway, Seattle

Mark your calendars!

Join us in Seattle at The Garage for our annual holiday party on Thurs., December 15th!

More information to follow in mid-November newsletter.

Check out the venue website here: [The Garage](http://TheGarage.com)
For questions, contact **Shelley Collins** at shco@cowi.com and/or **Dan Worthen** at dworthen@dowl.com.

WRYMC 2017

WRYMC 2017
January 13-14, 2017 - Los Angeles, California

The Western Region Younger Member Council (WRYMC) will be held in Los Angeles. This conference offers valuable leadership training, technical tours and a chance to network with other young engineers from throughout the western region. To learn more, check out the WRYMC website.

If you have any questions or are interested in attending, please contact **Jared Nakamoto** at nakamoto@pbworld.com.
